

CLAIMS

The following is a complete listing of claims pending in the application:

1. (Previously Amended) A composition, comprising at least two different saponin fractions of *Quillaja Saponaria* Molina in separate iscom particles having immunomodulating activity, enhanced adjuvant activity and reduced toxicity.
2. (Previously Amended) A composition according to claim 1, wherein the iscom particles are chosen from iscom matrix complexes and iscom complexes.
3. (Cancelled)
4. (Cancelled)
5. (Previously Presented) A kit, comprising at least two parts, wherein each part comprises one iscom complex particle or one iscom matrix complex particle, wherein each iscom complex particle includes a saponin fraction from *Quillaja Saponaria* Molina, and wherein the fraction may be a different one in each different complex particles.
6. (Cancelled)
7. (Cancelled)
8. (Cancelled)
9. (Cancelled)

10. (Previously Amended) A composition according to claim 1, wherein the at least two different saponin fractions are selected from *Quillaja Saponaria* Molina is fraction A of *Quillaja Saponaria*, fraction B of *Quillaja Saponaria*, fraction C of *Quillaja Saponaria* Molina, Q VAC, and Quil 1-21.
11. (Previously Amended) A composition according to claim 1, wherein the saponin fraction from *Quillaja Saponaria* Molina is fraction A of *Quillaja Saponaria* Molina, fraction B of *Quillaja Saponaria* Molina, or fraction C of *Quillaja Saponaria* Molina.
12. (Previously Amended) A composition according to claim 1, wherein the portion of the mixture comprising the saponin fraction comprises from 50% to 70% by weight of fraction A of *Quillaja Saponaria* Molina and from 30% to 50% by weight of fraction C of *Quillaja Saponaria* Molina.
13. (Previously Amended) A composition according to claim 1, wherein the saponin fraction of the iscom composition comprises from 30% to 50% by weight of fraction A of *Quillaja Saponaria* Molina and from 50% to 70% by weight of fraction C of *Quillaja Saponaria* Molina.
14. (Currently Amended) A composition according to claim 1, wherein the at least one different saponin fraction from *Quillaja Saponaria* Molina is chosen from fractions ~~one of~~ Quil 1-21 of Quil A.
